IN THE CLAIMS

Please amend the claims as follows:

- 1. (Original) A floor mat laid in a small animals rearing cage for housing and rearing small animals, said floor mat is a sheet comprising a temperature holding property to a degree that can keep the body temperature of said small animals, a flexibility to a degree that can wrap the body of said small animals, and a size that covers at least the entire abdomen of said small animals.
- 2. (Original) The floor mat according to Claim 1, comprising a size for covering at least the abdomen and the head of said small animals.
- 3. (Currently amended) The floor mat according to Claim 1 or 2, further comprising a water absorption property and deodorization property.
- 4. (Currently amended) The floor mat according to Claim 1 or 3, further comprising a tearing resistance.
- 5. (Original) The floor mat according to Claim 4, comprising an improved cellulose fabric wherein carboxyl group-introduced cellulose is formed in a shape of sheet.
- 6. (Original) A small animal rearing cage for housing and rearing small animals, said small animal rearing cage comprising: a rearing box having a floor and a wall provided at a circumference of said floor; and a floor mat formed with a sheet having a temperature holding property to a degree that can keep the body temperature of said small animals, a flexibility to a degree that can wrap the body of said small animals, and a size that covers at least the entire abdomen of said small animals
- 7. (Original) The small animal rearing cage according to Claim 6, wherein said floor mat is laid upon the floor of said rearing box in such a way that a piece of sheet is folded

each other to form folds.

- 8. (Currently amended) The small animal rearing cage according to Claim 6 or 7, wherein said floor mat is a sheet larger in size than the floor area of said rearing box.
- 9. (New) The floor mat according to Claim 2, further comprising a water absorption property and deodorization property.
- 10. (New) The floor mat according to Claim 3, further comprising a tearing resistance.
- 11. (New) The small animal rearing cage according to Claim 7, wherein said floor mat is a sheet larger in size than the floor area of said rearing box.
- 12. (New) The floor mat according to Claim 9, further comprising a tearing resistance.
